## IF YOU WANT A FAIR CONTRACT, IT'S TIME TO SHOW UP!

There are many important acts of resistance taking place at NEIU right now. Any better future at NEIU depends on NEIUPI negotiating a fair contract. We are only as strong as the commitment of our members. The NEIUPI leadership is grateful to those members who have been showing up. It's time for more of you to do so. Our livelihoods depend on our ability to come to campus and show up to show our strength. None of us can do it all, but we can all do some.

Your union needs you to SHOW UP for at least ONE action this week:

Tuesday:

Help our bargaining team write a Valentine to the Admin in response to their proposal Research and Service from workload: [UPI Zoom](#) (T Feb. 14, 2 PM)

### Every Day:

Your Bargaining Team is working hard on negotiations and we are generating easy, visible, ways to show that we are each ready to take action for a fair contract. Something as easy as displaying UPI messaging outside your office is a core action toward improving this campus. We have amazing, trained organizers who can give you simple ways to support UPI's work amidst the range of actions on campus. We welcome each member to talk with your Area Rep or a Member

Organizer to get key info and to help in our next steps toward stronger action. If you don't know an Area Rep or Organizer, email Nik Hoel: [nikolashoel@gmail.com](mailto:nikolashoel@gmail.com)

**Make your NEIUPI support VISIBLE in any way possible!**
